Search Renesas offers several search tools to help you find the right parts for your application, including keyword search, parametric search, cross-reference search, the PowerCompass tool, and more

Design & Support Resources at Renesas

Benchmarking improves performance by identifying and applying best demonstrated practices to operations and sales. Managers compare the performance of their products or processes externally with those of competitors and best-in-class companies, and internally with other operations that perform similar activities in their own firms.
