

**interest and discipline in pdf**

The SIGCSE Technical Symposium is the largest computing education conference worldwide organized by ACM SIGCSE, attracting researchers, educators, and others interested in improving computing education in K-12 and higher education.

**Special Interest Groups (SIGs) - Association for Computing**

Realism is a school of thought in international relations theory, theoretically formalising the Realpolitik statesmanship of early modern Europe. Although a highly diverse body of thought, it can be thought of as unified by the belief that world politics ultimately is always and necessarily a field of conflict among actors pursuing power.
