Introduction: Information, Knowledge and Power 1 Susanna Davies\* Article 1 Introduction The idea that "knowledge itself is power" is not new; but at the global level, this dictum is now truer than ever, as a result of rapid advances in information technology in the North. Increasingly, knowledge (including the capacity to create it) is becoming the key economic input which, at the extreme ...

### **Knowledge Power And Practice The Anthropology**

For Foucault, power and knowledge are not seen as independent entities but are inextricably related "knowledge is always an exercise of power and power always a function of knowledge. Perhaps his most famous example of a practice of power/knowledge is that of the confession, as outlined in History of Sexuality .
