This is a list of notable content management systems that are used to organize and facilitate collaborative content creation. Many of them are built on top of separate content management frameworks.

List of content management systems - Wikipedia

developerWorks wikis allow groups of people to jointly create and maintain content through contribution and collaboration. Wikis apply the wisdom of crowds to generating information for users interested in a particular subject. You can search all wikis, start a wiki, and view the wikis you own, the wikis you interact with as an editor or reader ...
