Sappi is a global company focused on providing chemical cellulose, paper-pulp and paper based solutions to
its direct and indirect customer base across more than 100 countries.

The Paper Making Process

For the trees I make I start with an 8 inch piece of paper and go down 1 inch for each additional sheet; so
here I have an 8, 7, 6, 5, 4, and 3 inch squares of paper. Also, the largest green square and the square used
for the trunk (the white sheet here) are the same size "8 inches. Note: any number of green sheets can be
used, I am using 6 for the benefit of giving 24 compartments for an advent calendar.
